

# DAGGU LAKSHMI TIRUMALA RAO

 Vijayawada  6301168025  [dltirumalarao@gmail.com](mailto:dltirumalarao@gmail.com)

Summary

A Motivated and detail-oriented MCA graduate with good knowledge about Airthemetic , Reasoning. Seeking an entry level software engineering position to leverage my technical skills in Python

Education	<b>KL University</b> Vijayawada 8.8 GPA	<b>2023-2025</b> MCA
	<b>Acharya Nagarjuna University</b> Guntur 6.7 GPA	<b>2020-2023</b> Bsc
	<b>Sri Chaitanya Jr College</b> Piduguralla 7.2 GPA	<b>2018-2020</b> Intermediate
	<b>Oxford EM High School</b> Piduguralla 9.2 GPA	<b>2017-2018</b> SSC

Projects

**Credit Card Fraud Detection Using Machine Learning**  
**Project Overview:**  
Developed a machine learning-based fraud detection system to identify fraudulent credit card transactions using supervised learning techniques. Utilized real-world transaction data and advanced classification models to improve fraud detection accuracy  
**Key Responsibilities:**  
. Performed exploratory data analysis (EDA) to understand transaction patterns and fraud trends.  
. Implemented machine learning models such as Logistic Regression, Decision Trees for classification.  
**Technologies Used:**  
. Python, Scikit-Learn, Pandas, NumPy, Matplotlib, Seaborn  
. Machine Learning Algorithms (Logistic Regression, Tensor flow)

INTERNSHIP

**Salesforce Developer Virtual Internship**  
Smart Internz  
  
In Salesforce Developer Virtual Internship I completed the following Salesforce Trailhead modules  
  
Salesforce Fundamentals , Organizational Setup  
  
Types of Flows and Security  
  
Apex , Testing , Debugging and VS Code Setup

Technical Skills

Python Programming Language

Core Java

Data Analysis Using Python

CS Fundamentals : Computer Networking , DBMS , Object Oriented Programming
